Title: Mounting System

Application Number: 10/672,273

Response to Office Action mailed 12/17/2004

Navy Case Number 84926

Specification Amendments

Please make the following changes to the specification:

On Page 3, lines 21-22:

Figure 4 is a top perspective view of an embodiment of the fitting assembly of the

mounting assembly system;

On Page 4, lines 1-3:

Figure 6 is a top view of an embodiment of the mounting assembly system; and

Figure 7 is side view of a section of an embodiment of the mounting essembly system

attached to a standard cargo handling system.

On Page 4, lines 22-26:

In the preferred embodiment, the angle assembly 100 is a self contained angle assembly.

As seen in Figures 2 and 3, the self contained angle assembly 100 includes a side base plate 101,

a bottom base plate 102, and a set of fitting assemblies 150. The fitting assemblies 150 attach the

side base plate 101 and bottom base plate 102. In the preferred embodiment, the mounting

assembly system 10 includes two angle assemblies 100, one on each side of the understructure

200.
